your working copy

Set scope, responsibilities and the stop point. See the case and adapted instruction in the guide.

Click and type. Tab moves between fields. Save a named copy, close it and reopen to check your answers. Use the extra-notes area when supplied; keep all text visible before printing.

Goal and intended reader

Link this job to the experiment you chose.

Starting version and deliverable

What already exists, and exactly what should be returned?

Human decision owner

Who sets priorities and authorizes any external action?

Agent responsibility

Name work the available tools can actually perform.

Review responsibility

Who inspects the actual artifact and its evidence?

Agree one clear job

your working copy

Set scope, responsibilities and the stop point. See the case and adapted instruction in the guide.

Click and type. Tab moves between fields. Save a named copy, close it and reopen to check your answers. Use the extra-notes area when supplied; keep all text visible before printing.

Allowed changes and boundaries

Scope, tools/data, time/spend ceiling and forbidden actions.

Done criteria and checks

What must pass on which version? Include the evidence needed.

Attempt budget and stop point

How many passes? When should the agent return a blocker?

Trace one important claim

Exact sentence; source; exact location; date; what it does not establish.
